

Cityville Southwestern Medical District

Mixed-Use • TOD • Urban Infill

Dallas, Texas

*Inland American Communities
(formerly First Worthing Co.)
265 Units
15 Townhomes
5.7 Acres
49.1 units/acre
40,000 SF of Retail Space*

Situated adjacent to a future DART Light Rail transit stop and within a major medical district of Dallas, our mixed-use urban infill project integrates multifamily housing for a student based clientele primarily composed of medical students, internists and young professionals. In addition to multifamily housing, this mixed use development includes retail, restaurants and offices along with for-sale town homes.
