Atlanta, Georgia

The Lane Companies
231 Units
3.39 Acres
68 units/acre

The \$28 million Park District Apartments includes 231 rental units of which 42 are set aside as affordable units. A diversity of unit sizes and types are designed into the project including townhouse with entry stoops at street level, lofts, and live/work units as well as traditional apartments with mezzanine top floors. Residential buildings screen the structured parking from the street and adjacent neighbors. In addition, residential buildings line the street reinforcing the edge and activating the street frontage with townhome stoops.
